

## THE RAILROADS.

THE LATEST NEWS FROM THE LINES.

By one of Passenger Agents in Louisville to Regalates Rates Southward—Changes of the Kentucky Central—The Memphis and Charleston Road—General Railroad Points.

The earnings of the Kentucky Central for the third week of December show an increase of about 3 per cent as compared with those of the corresponding week of 1883. The figures are:

1884. .... \$45,902  
1883. .... 44,765  
Increase. .... \$1,137

**Memphis Avalanche.** Our railroad wreck contemporaries are fond of alluding to the Georgia railway commission system. They always forget that Georgia has had at the head of her system, the oldest and perhaps the best railroad man in America, Campbell Walker of Atlanta. No system would work badly with Campbell at the head of it. He wouldn't let it work badly.

The Memphis and Charleston railroad was leased in 1877 to East Tennessee for twenty years. In one section of the lease it was agreed that the lease could be broken on six months' notice. In an amendment to the lease the right to do so was given to the lessee. This notice was retained by the East Tennessee, which taken from the Memphis and Charleston. The consideration was that the East Tennessee should assume Memphis and Charleston's floating debt. This was not done, and it was understood that Memphis and Charleston could annul the lease in six months' notice. Last summer, however, the Memphis and the East Tennessee individually paid all the floating debt of the Memphis and Charleston due the East Tennessee, which was accepted. General Thomas now owns the majority of Memphis and Charleston stock, and if he desires the lease canceled can give six months' notice to the East Tennessee.

**Committee of Fifteen.**

From the Louisville Courier-Journal.

The committee composed of fifteen general passenger agents of lines interested in southern traffic, met at the Galt house yesterday to consider the question of rates. The stability of the rate schedule that was promulgated several months ago. For some time there have been rumors of a cut in the rates, but just where the cut came from was not authoritatively stated, until the members of the committee began to arrive in the city. A general agreement was reached that some very serious cuts had been made by northwestern lines by which travelers got lower rates from extreme points than they could from Chicago, and that through a well-known trick of the shrewd traveler the coupon to Chicago was used, after which the rest of the trip was had in the sleeper, and generalized the business.

BEE GUZZLING RATS.  
"A great many rats here," said Mr. Renneke, as he lighted a reporter into the subterranean galleries of the Lion the night last week.

Snakes, two rat rats, one pug-

"I have beer," said Mr. Renneke. "They  
are here about all they can get to

they could not stand up their legs

### WOLSELEY'S WAY.

THE ENGLISH TROOPS ON THEIR MARCH TO KHARTOUM.  
He Notices the Prince of Wales of His Progress—Heavy Reinforcements Asked For The Temporary Election—The Disaster in Spain—Canadian Dissension—The News.

LONDON, January 9.—General Wolseley telegraphs the prince of Wales that he will reach Khartoum January 24. He telegraphs the government advising it to immediately dispatch 3,000 picked troops to Suakin to operate against Osman Digna and to open the Berber route. General Wolseley recommends that General Greaves be placed in command of the troops to go to Suakin, and that General Farmer act as chief of staff. He further asks that another battalion be sent to reinforce the Nile expedition. It is surmised that General Wolseley expects heavy fighting after the fall of Khartoum.

**An EXAGGERATED RIOT.**

The Dakota Method of Dealing With Public Questions.

PHILADELPHIA, January 9.—The rumors of violence and riot at Fergest City, over the removal of the mayor, prove to be greatly exaggerated. The mayor was not removed, and under the opposition that they had the right, declared Gettysburg to be the county seat, and ordered the records removed. The sale being too large to be taken out of doors, the casing and a part of one side of the building were broken, without riot or resistance. The Fergest City commissioners, fearing that it was being done under authority, became excited, and exaggerated telegrams were sent out. The sheriff pursued and overtook the captors, but when they refused to return the records on his demand, he returned and all is quiet there now.

**Bismarck in the Reichstag.**

BERLIN, January 9.—In the Reichstag to-day the budget committee moved that the proposed credit of 150,000 marks for African colonization be reduced by one-third. Bismarck opposed the motion, and urged presentment in regard to the colonization project of the government, in order to anticipate the other powers. The German people, he said, had approved the colonial policy of the government during the two years, and was ready to suppose that the chamber would vote on the additional credit for the African colonies.

Colonial policy was the only one possible.

It was supported by a majority of the reichstag and had created great enthusiasm throughout the nation.

The motion to refer the credit back to the budget committee was adopted by a vote of 132 to 128, although both Bismarck and Herr von Boetticher, minister of interior, strongly opposed this action.

**Canadian Patriotism Under Test.**

MONTGOMERY, Ala., January 9.—[Special.]—The Canadian Patriotic Association, which is generally considered to be the most patriotic organization in the country, met this evening at the home of Mr. W. H. B. Fletcher, president of the association, and voted to support the Canadian government in its efforts to secure the release of the two Chinese men who were captured by the Indians in British Columbia.

Montgomery, January 9.—To-day suits were entered by about sixty employees against the Gazette publishing company, the Day to recover sums due them, the Day having suspended publication.

**The Liverpool Grati Circular.**

LIVERPOOL, Jan. 9.—On Saturday night a party of men in Franklin county went to the house of a negro for the purpose of whipping and maltreating him. They demanded that he should be sold into slavery. A party, a young man named Murray, burst the door open and rushed in, when his brains were blown out by a charge from a shotgun. The rest of the party then fled. The coroner's jury returned a verdict of justifiable homicide.

**German Policy in Africa.**

TERRELL, January 9.—The North German Gazette denies that Germany's Egyptian and colonial policy is due to Bismarck's hatred for Gladstone. The motives of Germany are much more dignified. Her policy has never been influenced by irritation.

**CONDENSED CABLEGRAMS.**

LONDON, January 9.—[Special.]—The National Gazette says the American delegates to the Conference explicitly disavow any intention on the part of the United States to be responsible for the execution of the resolutions of the conference, on account of having taken part in deliberations.

**GARIBOLDI VICTORY COMPLETE.**—The parliamentary election in the county of Tipperary occurred yesterday and resulted in the unexpected selection of O'Connor, Parnell's and Archbishop Croke's candidate.

**CRONE'S ACTIVITY.**—A dispatch from Rome to the Exchange Telegraph company says that Archbishop Crone's activity in the Tipperary election contest is attracting attention there in church circles. His conduct finds little favor.

**FIRE IN TALLADEGA.**

Twenty-five thousand dollars' worth of property consumed.

TALLADEGA, Ala., January 9.—[Special.]—Last night, between twelve and one o'clock a.m., a quiet and peaceful little city was again thrown into a state of the wildest excitement by the rapid falls of the fire alarm. The fire was soon discovered to be in the frame building on Depot street, better known as the Nance block, of which there are five frame buildings, the occupants of which are as follows: J. S. Martin, saloon; W. H. Nance, room shop; Charlie Williams, fruit dealer; J. P. Thomas, saddlery and harness; C. W. Riggs, saloon. Notwithstanding this block has long been a eyesore to the public generally, still it was a much-needed event and a source of great interest. A fireman was sent to the promptness of the Maggots hook and ladder company and the citizens generally, but little damage was done to the adjoining buildings. The loss is estimated at \$25,000.

**The Durham Tobacco Works Burned.**

RALEIGH, N.C., January 9.—A fire broke out last night in the large tobacco storage warehouse at Durham, and completely destroyed it and the surrounding factory of Z.L. Lyon & Co. The premises were entirely burned, and much damage was done. Blackwall's Durham tobacco company lost 40,000 pounds of leaf tobacco stored in the warehouse and H. A. Ross lost about one-half of his quantity. All the leaf tobacco in Lyon & Co.'s factory was also lost. The manufacturer's tobacco was saved. The losses are the Citizens' National bank, on building, \$4,000; the First National, \$1,000; the Bank of America, \$1,000; the Bank of Raleigh, \$1,000; the Bank of St. Louis, \$2,000; Blackwell's Tobacco Co., \$2,000; insurance \$2,000; Lyons & Co., \$20,000; insurance \$14,500; total losses \$74,000; insurance \$6,200.

**An Hour's Burning Blaze.**

NEW YORK, Jan. 9.—At 2 o'clock this morning smoke and flames were discovered issuing from the basement of Henry Rogers' wholesale fancy goods store, 207 Broadway. After an hour's struggle the fire was extinguished, and subsequently flooded with water, the firemen then came to Rogers' principal loser. He occupied the second floor, and valued his stock at \$15,000, which was caused mainly by fire. The insurance is \$77,000, divided between two companies, one of which is in the third, fifth and sixth floors were occupied by Mills & Brothers. Portions of their stock were largely damaged by smoke.

**Arrested in Chattanooga.**

CHATTANOOGA, Tenn., January 9.—[Special.]—Jake Brown, a negro man from Rome, Ga., was arrested here to-night on a heinous charge. It is alleged that last December Brown outraged his fifteen year old daughter in a terrible manner, and, F. C. Shepard, district freight agent of the F. & W. Welch, general freight agent C. & N., from Decatur to New Orleans, during the latter's illness, Welch will go to Florida to recuperate.

**The Newman and Thorner Matter.**

MACON, January 9.—[Special.]—The case of Newman and Thorner was heard to-day and continued to the 20th to allow the parties to bill to see evidence. Wm. Wolff was made temporary receiver until that date. Colonel Felix Camp will assist him in making up a new inventory and set apart rooms for the trial, which led to his arrest. The parties seem to be held separately. All will be said as rapidly as possible.

**The Marriage of Young Kent.**

MACON, January 9.—[Special.]—There has not been an instance in Macon for some time where a parent has received the sympathy of the community to such an extent as has Mr. W. B. Kent, the father of the young man, the story of whose marriage to Mrs. Mary G. Thorner is as follows:

"Mostly, judge."

"I mean were you born in this state?"

"I understand, I wasn't born here, but I am mighty nigh a native."

"Come here when you were quite young, I suppose?"

"No, sir, I've been here but about ten years."

"Fifty."

"Then how is it that you are very nearly a native of the state when I come here? I only weighed about a hundred pounds. Now I weigh 240, so you see 140 pounds of me are native while only 100 pounds come from Missouri."
